#### \$100 REWARD. \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer \$100 for any case that it fails to cure. Send for list of testimonials.

Address: E. J. CHENEY & CO., Toledo, O.

Sold by druggists, 75c.

Charles Lewis, lately returned from Central America, brought a rosewood log to New Orleans and had it sawed into squares to make walking canes. He has disposed of a large number in this county.

We had the pleasure of hearing the sermon by telephone last Sunday delivered in the Christian church at Richmond. On account of so many phones being "cut in" along the line the sounds were not as distinct as they might have been.

An analysis by the U. S. government at the arsenal at Watertown, Mass., shows that Dr. Lovell's quarry, in our town limits, to consist of the finest quality of hydraulic limestone; a ledge 12 feet in thickness. This stone is used extensively in the manufacture of the finer grades of cement. The quarries at Rondout, N. Y., have the reputation of being the best in the country, but claims are being made that the Mt. Vernon discovery is even better. Cement made from this stone will "set" under water. A company is being organized to develop the business. Other contemplated improvements in connection with the works are the building of a dam across the valley some distance below the quarry, which will form an immense reservoir which will be stocked with fish. The water will also be used for power to run machinery. Several thousands have already been subscribed for stock in the enterprise.

A new regulation has been made by the postoffice department, permitting the postmasters at first and second-class offices to cash money orders on any postoffice and also to cash those orders drawn on their own postoffices which may be presented for payment before the corresponding advice has been received, without waiting for the arrival of the letter, as it sometimes happens through accident that an advice fails to reach the post-office promptly. It is a pity the order does not apply to third class offices of which is Stanford.

## MIDDLEBURG.

We have it from reliable authority that the families of John French and Fielding Hall, who left here about four weeks ago for Omega, Kansas, are most all down with small-pox and are located three miles from any one else and are all strangers in that community.

Dr. L. J. Godby has accepted a position as physician and surgeon at the Greenwood Coal Mines in Tennessee, and he left for that place Monday. ## THE STATE HOUSES OF REFORM.

The response of the managers of the State Houses of Reform to the Fayette grand jury is published today, and it is satisfactory in every particular. The constitution of Kentucky was adopted in 1891. It required the organization of a State House of Reform, but for six years nothing practical was done. Then inadequate provisions were made, and since then the work has been carried on with due zeal and with admirable intelligence. The institutions are of great importance, and it was a matter of first importance that it begin a right; that the foundations be properly laid, and that the purpose of the institutions and the future growth be kept clearly in view. To the managers of the institutions the State owes its most hearty congratulations.—Louisville Post.

This is the most sensible thing that has appeared in the Lexington Herald for several years: In view of the report of the reform school trustees, it looks as if our last grand jury had strained at a goat and swallowed a camel. A crack under a window sill—left by the architect for a purpose—hardly seems so serious as a crack at a man's head, made by illegal conduct of appointed officers of the law.

Pneumonia is one of the most dangerous and fatal diseases. It always results from a cold. Chamberlain's Cough Remedy will quickly cure a cold and perhaps prevent an attack of pneumonia. It is in fact made especially for that ailment and has become famous for its cure over a large part of the civilized world. It counteracts any tendency of a cold towards pneumonia. Can you afford to neglect your cold when so reliable a remedy can be had for a trifle? For sale by Craig & Hocker, Druggists.

### THE BEST IN THE WORLD

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisement in our own and other papers, we purchased a bottle to see if it would affect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by Craig & Hocker, Druggists.

Gen. Orla telegraphs: "Since Jan. 1st, 124 skirmishes in the Philippines have been reported, mostly very slight affairs. Our casualties were three officers and 78 enlisted men killed; 13 officers and 151 men wounded. The insurgents and Madrone loss in killed and left on the field were 1,426; captured and wounded, 1,453.

### A FRIGHTFUL BLUNDER

The Inter-Ocean Canal Company was incorporated at Trenton, N. J., with an authorized capital of \$100,000,000. It is to construct, own and operate a maritime canal between the Atlantic and Pacific oceans, through the territory of Nicaragua or any other territory in Central or South America.

The effort to float the 4 per cent. refunding bonds in Allen county has failed, and the county is now called on to pay a railroad debt of \$200,000. This would require a levy of 7 1/2 cents on the \$100.

## LANCASTER.

Messrs. W. L. Lawson and Jesse Fox shipped hogs to Cincinnati.

Richard M. and Miss Lillie Webster, of Cynthiana, were guests of Capt. and Mrs. Louis Landram Wednesday.

Lt. J. M. Farra tells me that the Louisville Commercial Club has accepted the invitation to be here May 24.

Mrs. G. M. Patterson informs me that the W. C. T. U. will hold its convention for the 8th district, at Livingston May 16, and that the State convention will be held at Danville in October.

On Monday night the city council raised the levy from 45 to 65 cents on each \$100 of property in the city. The dog law, which provides that every dog without a collar, showing that a tax of \$1 has been paid, shall be killed, was advanced to the third reading. Look out for your dogs.

The fiscal court was in session Tuesday and Wednesday. The levy was fixed at \$1.02 1/2, being the same as last year. Claims amounting to about \$100,000 were allowed. This includes \$800 for turnpike commissioners, \$1,100 interest on turnpike bonds and about \$5,000 for repairing roads, the ordinary claims being about as usual.

Today, Thursday, at 4 P. M., Mr. Cyrus W. Dailey, a prominent farmer, and Miss Sallie Anderson, a worthy and popular lady, who is well-known as a successful teacher, will be married at the home of the bride in this city, Rev. B. A. Compass pastor of the Fork church, officiating. After the marriage they will go to the home of the groom, near Marksburg.

Matters have been lively in the police court this week. Marshal Pierce took Bill Arnold, colored, before the court and he was fined \$13 for assaulting Bob George. Hon. J. Hunt McMurry is presiding as special judge in the cases for the unlawful sales of whisky, and he presides with such ability and dignity that he is called Judge Taft. Williams for the city, and Tomlinson and Walker for the defendant, are contesting every inch of ground. There are many cases yet to try against various parties. Juries have tried four cases against Huyley Singleton and a verdict of not guilty was returned in three of them, a fine of \$25 being given in the other. The defendant claims that he has not sold any whisky, but it is said that others have sold on his premises. Other cases are being tried and Chief of Police Pierce informs me that there is a number to be tried against parties on battle row.

The Commercial Club appointed H. A. B. Marksburg, J. M. Farra and Louis Landram to name suitable men to solicit subscriptions for the right of way for the Southern railway extension. They named a number of good men in different parts of the county and suggested L. Y. Leavelle, J. S. Johnson and A. R. Denny as commissioners to whom the money is to be paid when they are satisfied that the road will be constructed. They also prepared a form of note to be signed by each subscriber, instead of the old method. By the terms of the note it is to be null and void if the construction shall be abandoned in 18 months. At the next meeting of the club it is believed that a number of enterprising citizens will sign for sums ranging from \$300 to \$500 and that when the parties named take the field the required sum will soon be subscribed, and that there will be no further doubt about the extension. The water works and the railroad will be completed about the same time and we will have reached the highest mark in substantial prosperity.

Speaking of Sheldon and the Topeka Herald, Ex-Senator Ingalls writes: "I knock on this Jesus business, and knock hard. I belong to no church and subscribe to no creed; but I believe in God and immortality and that we shall reap what we sow here and hereafter. Ecclesiastical mountebanks who are directly responsible for the blasphemous buffoonery of asking how Jesus would shave if He were a barber; what He would do if He had a headache; how He would run a daily newspaper; how He would act if He were in Gen. Buller's place in South Africa, are inflicting irreparable injury upon the cause of religion. They make a joke of the passion of the Garden of Gethsemane and cast contempt upon the agony of Calvary. It would be no greater sacrilege to ask what God would do. It is desecrating the greatest name in the world's registration. It is trifling with the most awful mystery of the universe."

SPECIAL RATES TO WASHINGTON, D. C.—The Chesapeake & Ohio will sell round trip tickets to Washington, D. C., May 20 to 21, at one fare for the round trip, good returning until May 31st on account of the meeting of the Mystic Shriners. Keep these dates in your mind if you are going to make a trip East. George W. Barney, div. pass. agent, C. & O. Ry., Lexington.
